

C program to remove spaces from string

Algorithm

- ① start
- ② enter some str text
- ③ while (text[c] != '\0')
 - if (text[c] == ' ')
 - temp = c + 1;
 - if (text[temp] != '\0')
 - while (text[temp] == ' ' && text[temp] != '\0')
 - if (text[temp] != ' ')
 - c++;
 - temp++;
 - blank[d] = text[c];
 - c++;
 - d++;
 - blank[d] = '\0'
- ④ output str after removing blanks
- ⑤ stop
